Dear Parents,
Greetings of the day!

Education is a continuous process, it's like a bicycle... "If you don't pedal you won't go forward."—
George Weah

The academic session 2021- 2022 has come to an end and we look back with fondness and satisfaction at the milestones achieved during the session.

It is time to move to the new academic session, 2022-2023. There is no doubt that we still have routines and protocols to become familiar with, but we are confident in being able to start the school year positively. At times there may be some communication challenges with masks, regulation challenges with physical distancing, and regular hand washing but it will be our endeavour to ensure a safe and sustainable healthy environment .
